OUR GURUKULA COLLEGE

According to Swami Vivekananda, Education is the manifestation of the perfection already in man. The very essence of education is concentration of mind and not collection of facts. The education, which does not help the common man or people to equip themselves for the struggles in life, which does not bring out strength of character, a spirit of philanthropy and the courage of a lion, is not real education. Real education should be man-making, character-building and assimilation of ideas.

Sri Ramakrishna Tapovanam, Tirupparaiiturai, Tiruchirappalli District is an Institution working for the educational, spiritual, moral and cultural advancement of Tamil Nadu. It has branches at Tiruvedukam, Chittrachavadi, Courtallam, Cheranmahadevi, Salem, Karur, Ponnaikadu, Ramanathapuram, Rameswaram and Tirunelveli. It has been running successfully a residential High School on Gurukula pattern at Tirupparaiiturai since 1942. The Tapovanam is also managing a number of educational Institutions at various levels for boys and girls not only at its branch centres but also in many other places in Tamil Nadu.

This college was started in June 1971 by the above Tapovanam and affiliated to Madurai Kamaraj University with a prophetic vision and a clear foresight in order to provide quality education to the talented youths of backward classes hailing from rural areas. It is intended for men only. It is located in ideal rural surroundings amidst bounteous natural scenery all round on the northern bank of the river Vaigai. The institution has a firm conviction in the concept of Swami Vivekananda that education is a man making endeavour.

Hence, the spiritual aspect of education is given due weightage and value based education is made a reality in the campus. By shaping and moulding the students on the right direction by a team of committed teachers, the college has carved a niche for itself in the realm of higher education in the southern part of Tamil Nadu. Life-training has been the part and parcel of the curriculum right from the inception of the institution. The curriculum contributes towards the country's constructive development in countless ways. In tune with the proven principle that quality improvement in HFLs leads to the economic development of a nation, the three faceted curriculum strengthens the realm of knowledge, skill imparting techniques and value inculcating components leading to a healthy and all round academic completion.
